There's a little boy
I know
Follows me
Where ever I go
And you know
I love him so

Christopher

He's the sweetest
Boy alive
Even though
He's only five
I'm so glad
That he arrived

Everyday
When we play
I learn something new

Every night
It's all right
As long as I
Turn out his light

He gives me love
I love him to
He likes to do
The things I do
If you were me
You'd love him to
