

Falling In Love With Myself

Litmus A Freeman
www.projectfreeman.com

Early days through the haze
I caught your eye
Later on is it all gone
No, I think we lie

'Cause all the things we've said
Rule my head
We are so in tune
Look in your mirror it's me

Be a fool break the rule
Positives attract and
Two the same can share a name
If we interact

'Cause you share all my views
I can't abuse
The trust you've put in me
Look in your mirror it's me

And although openly
You may not agree
But you are so like me
I'm falling in love with myself

I've got your eyes, not your thighs
Could I get by with mine?
And I love your mind, then I find
Mine is just the same

So if I can't have you
I'll make do
With your number two
Look in the mirror it's me

And although I love you
I think I love me too
And I am so like you
I'm falling in love with myself

I'm falling in love with myself
